From the President

Dear Fellow ACA Members,

Sure hope everyone had an awesome summer. I last wrote at the end of June and summer seemed to stretch long and lazily in front of us. Over the summer the Board and various Committee Chairs have been hard at work pulling together all the details to ensure a fun and educational year for our members.

Mark your calendars for September 17 when ACA members will meet at Pappasittos Mexican Cantina for an evening celebration of the end of the lazy days of summer and a kick off of the busy fall schedule. Registration is open on the website. The event is free for Adjusters and is open to non-member adjusters as well so please be sure to invite a colleague. Be sure to sign up early to ensure a spot as space will be limited. Non-adjusters are welcome to join us with pre-registration and paid admission.

In October we will have a Bowling Tournament to include a happy hour and great food. Teams are being sponsored by our many Associate Members and various industry vendors. This event will also be free for Adjusters so be sure to submit your interest in registration early to be assigned to a team. We will have awesome door prizes and from the sound of the planning, this should be a really fun networking opportunity.

In November we will return to a luncheon with CE credit available. Luncheon Chair, Annette Ward is looking for a new and different venue to host the luncheon so be sure to watch the web for details to follow. She also has some super plans for December and is looking to offer a special holiday entertainment treat this year to celebrate the holidays and an opportunity to give back to the community. The event will be held at the Shepherd Spinal Center.

As I previously mentioned we are currently working through some technical difficulties updating and renewing your memberships. We will be sending out letters to various members in hopes to help correct our database. We hope to have everyone properly joined, renewed, and updated by years end.

Our Summer hiatus is over and we are back to reality with the extra heavy traffic congestion and big yellow school buses as the kids are returning to school. We are ready to face the Fall with eager anticipation of cooler temps and enjoyment of all the upcoming opportunities. Be sure to check out the website for updates regarding news, notices, membership, and events.

We look forward to having you join us as we get together to learn more about each other, the insurance industry, and our community, and also as we work together to grow and strengthen the Atlanta Claims Association in the year ahead.

Best Regards,
Linda L. Mihyar, AIC, AIS, AINS

Latin Can Be Greek To Some

While you may already know that a legal order issued for someone to appear in court or to produce documents is called a subpoena. Did you know there are two types of subpoenas?

Subpoena ad testificandum - is used to compel a witness to testify - (a command to testify)

Subpoena duces tecum - is used to compel production of documents or records - (a command to "bring things with you").

Disobedience of a subpoena is when one is found to be in contempt of court and subject to penalties.

Web Wonder Corner

The internet is a very useful tool and is becoming an essential part of our daily lives both for work and for personal use. We are now able to not only access our corporate systems remotely from wherever we are located; we can now access our home security systems, adjust the temperature on our home thermostat from our office, or check to see if we closed our garage door as we sit and wait for our flight to be called.

Technology is great, when it works! Each month this small corner will be devoted to answering questions you may have regarding not only the ACA website, but also provide tips that may help you in your professional and personal lives. Please send any questions you may have to contact@atlantacclaims.com

July Tip: Please make sure that when you receive an email from The Atlanta Claims Association and are prompted to add them to your safe list, please do so to avoid future emails from being routed to your spam or junk folder!
